About Accelerate Diagnostics, Inc.

Accelerate Diagnostics, Inc. (NASDAQ: AXDX) is an in vitro diagnostics company dedicated to providing solutions for the global challenges of antibiotic resistance and sepsis. The Accelerate Pheno® system and Accelerate PhenoTest® BC kit combine several technologies aimed at reducing the time clinicians must wait to determine the most optimal antibiotic therapy for serious infections. The FDA-cleared system and kit fully automate sample preparation steps, enabling phenotypic antibiotic susceptibility results in about 7 hours directly from positive blood cultures. Recent external studies indicate the solution offers results 1 to 2 days faster than existing methods, enabling clinicians to optimize antibiotic selection and dosage specific to the individual patient's infection, days earlier.
