Accelerate Diagnostics Reports 2018 Fourth Quarter and Full-Year Financial Results

TUCSON, Ariz., Feb. 19, 2019 /PRNewswire/ -- Accelerate Diagnostics, Inc. (NASDAQ: AXDX) today announced financial results for the fourth quarter and fiscal year ended December 31, 2018.

"I am pleased to report an improvement in our commercial progress during the fourth quarter after a challenging start to 2018," said Lawrence Mehren, President and CEO of Accelerate Diagnostics, Inc. "We worked diligently over the first three quarters of the year to implement significant changes to our commercial strategy in order to improve our access to the hospital market. These efforts began to bear meaningful fruit during the fourth quarter as we added 133 new commercial contracts, including 117 in the U.S., which more than doubles our number of U.S. commercially contracted instruments. We enter 2019 with renewed confidence and belief that careful and consistent execution will enable us to capitalize on the tremendous opportunity in front of us and bring our life-saving technology to an ever-expanding number of patients around the globe."

Fourth Quarter 2018 Highlights

- Added 133 commercially contracted instruments, compared to 22 in the fourth guarter of 2017.
- Net sales of \$1.8 million, compared to \$2.1 million in the fourth quarter of 2017, a decrease attributable to lower capital sales mix as customers began adopting using reagent rental agreements, an option not available in the prior year period.
- Gross margin was 29%, which included an unfavorable 24 percentage point reduction due to increased costs arising from investments in service and manufacturing capacity ahead of production demand. Gross margin was 69% in the fourth quarter of 2017, which included a benefit of 16 percentage points due to the sale of pre-FDA manufactured instruments which had previously been written off to research and development.
- Selling, general, and administrative expenses were \$13.4 million, compared to \$11.5 million for the fourth quarter
 of 2017, driven by the expansion of our U.S. sales team and costs related to increased global sales and marketing
 activity.
- Research and development (R&D) expense was \$6.9 million, compared to \$6.1 million in the fourth quarter of 2017, due to continued investment in clinical outcomes studies and costs incurred in preparation for respiratory FDA registration and outcomes studies.
- Net loss was \$22.2 million, or \$0.41 per share, which included \$2.2 million in non-cash stock-based compensation expense.
- Net cash used was \$14.1 million.

Full Year 2018 Highlights

- Ended the year with 202 global commercially contracted instruments, compared to 78 at the end of 2017.
- Net sales of \$5.7 million, compared to \$4.2 million in 2017, driven by increased Accelerate Pheno instrument placements and the resulting sales of Accelerate PhenoTest™ BC test kits.
- Gross margin was 44%, which included an unfavorable 9 percentage point reduction due to costs arising from
 investments in service and manufacturing capacity ahead of production demand. Gross margin was 76% in 2017,
 which included a benefit of 21 percentage due to the sale of pre-FDA manufactured instruments which had
 previously been written off to R&D.
- Selling, general, and administrative expenses were \$55.2 million, compared to \$45.1 million in 2017, driven by expansion of the U.S. sales team and costs related to increased global sales and marketing activity.
- Research and development expenses for the year were \$27.6 million, compared to \$22.3 million in 2017, due to
 continued investment in clinical outcomes studies and costs incurred in preparation for respiratory FDA registration
 and outcomes studies.
- Net loss was \$88.3 million, or \$1.62 per share. Net loss included \$14.7 million in non-cash stock-based compensation expense.
- Net cash used was \$64.1 million. The Company ended the year with total cash, investments, and cash-equivalents from all activities of \$166.5 million.

Full financial results for the fourth quarter and full-year 2018 will be filed on Form 10-K through the Securities and Exchange Commission's (SEC) website at http://www.sec.gov. Investors are cautioned not to place undue reliance on these preliminary and unaudited estimates in the event of material changes.

About Accelerate Diagnostics, Inc.

Accelerate Diagnostics, Inc. is an in vitro diagnostics company dedicated to providing solutions for the global challenges of antibiotic resistance and sepsis. The Accelerate Pheno™ system and Accelerate PhenoTest™ BC kit combine several technologies aimed at reducing the time clinicians must wait to determine the most optimal antibiotic therapy for serious infections. The FDA-cleared system and kit fully automate sample preparation steps, enabling phenotypic antibiotic susceptibility results in about 7 hours directly from positive blood cultures. Recent external studies indicate the solution offers results 1 to 2 days faster than existing methods, enabling clinicians to optimize antibiotic selection and dosage specific to the individual patient's infection, days earlier.
